Company Description

Resolve is a fully integrated solutions provider that works with its clients as an outsourced business resource. Resolve helps its clients to manage their critical processes better, faster, and more cost-effectively. Resolve offers services in three areas: Financial and Administrative Solutions, Contact Center Services and Supply Chain Management.

For over 35 years, Resolve has been managing the processes of Fortune 500 companies in the financial services, government, retail, consumer goods, and communications industries. With more than 4,500 people in 31 offices globally, the company has the expertise, proven methodologies, and technology infrastructure to provide clients with solutions for the most unique requirements.
